Announcing PEACE IN PAPUA! @Peace1nPapua on Insta and Twitter

Dear Chris,

The civil resistance in West Papua is steadfast, creative, diverse and growing. Wage Peace is working closely with organisers in West Papua towards our shared goal of ending Indonesian state violence in the occupied territory. Papuans are calling for the withdrawal of Indonesian troops and the start of peaceful dialogue. We are calling for a ban on military exports to Indonesia and a suspension of joint military and police training exercises between Australia and Indonesia.

We have campaigned for demilitarisation in West Papua for over two years already. We have run multiple actions and interventions at the Australian Federal Police and SAS facilities, and at the factories and offices of arms dealers selling to Indonesia. Rheinmetall, Boeing, Lockheed Martin, Thales, Elbit and EOS [have all had a taste of our disruptive tactics](#). Wage Peace is now taking this campaign global, with a new logo and a new name: Peace in Papua. Follow us on [Instagram](#) and [Twitter](#).

This Friday, June 3, Papuans will again take to the streets to demand Peace in Papua. Wage Peace chapters will act in concert with our friends across the Torres Strait, calling out the weapons manufacturers that profit from repression in Papua.

Prepare for Action - Waging Peace on Boeing

Last week we [disrupted Boeing in Brisbane](#). A foot in the door resulted in an #ArtNotBombs occupation: we performed a musical enrage-ment "Boeing is out of Control" disrupting business as usual on that floor for an hour. Their deals with the Qld government are not acceptable to Brisbane. Last month we interrupted a Brendan Nelson-organised event at the Hilton. One person got into the luncheon at the Hilton to disturb the guests.

You'll see more action on Boeing in the lead up to Disrupt Land Forces in October. Contact us to get involved. Boeing is pushing attack aircraft into Indonesia. Boeing is a company going 🇵🇵🇵 down down down. Civilian business has dropped off because of how their planes dropped out of the air when they cut corners to compete with Airbus. Brendan Nelson is their regional president and is positioned himself to push the growth by weapons sales from governments in the region.

Social Media Channels: Follow Wage Peace activities as we disturb the silence at @DisruptWars on [Instagram](#) and @WagePeaceau [Twitter](#). We are looking to strengthen our actions with your support. You make a huge difference when you join us at the time the actions are on. Share with friends and invite them to watch when it is live and COMMENT. You being there, and commenting, is particularly encouraging for the West Papuans who are watching. They tell us they are heartened by our interventions. And if you comment and share they are more likely to see it.

No Police Guns (Glocks) In Communities : No Nioa at Land Forces

Nioa is the major sponsor this year for Land Forces. Nioa imports all Australian police handguns made by the Austrian company Glock. You know why handguns in the hands of police is cooked. [Glock also profit from handguns sold to Indonesian Special Forces](#) - those same special forces that are killing our friends in West Papua.

What do you think? Should we target Nioa? The Yuendumu organisers of #NoPoliceGuns think we should. Contact us (just reply) to join in on this. Nioa have three factory sites: Maryborough, Benalla and Brisbane. 🔥 We have a NVDA training on June 11th, in Brisbane - nonviolence education - in preparation for action.

Tell us what you think. You can reply to this email or call us. We love hearing from you. If you click all the links in this email - you'll get a good picture of what we are up to. Heading to disrupt the weapons trade.

[Don't forget to join our Telegram channel.](#) It's really helpful during larger mobilisations like Land Forces.

We are collaborating with West Papuans on anti-militarism issues. West Papua is our key solidarity focus.

Wage Peace happens on Sovereign Aboriginal Land - mostly Sovereign Yidindji Sovereign Land - but also on the land of the Jaggera, the Bunjalung and the

Wadawurrung people. We acknowledge the tribal authority of the people on whose Land we live.

Those of us working on the project are around the country and we invite [you to play/volunteer with us](#) or [donate!](#)
